Contents

VOLUME 8, NUMBER 1, JANUARY 1994
Published 14 January 1994

CONSUELO JARAMILLO, BRUNO L. TRAVI and JAMES MONTOYA
Vector competence of some Neotropical sandflies for the *Leishmania (Viannia) braziliensis* complex 1–7

HASSAN A. MOHAMED and GEORGE A. INGRAM
Effects of physico-chemical treatments on haemagglutination activity of *Anopheles gambiae* haemolymph and midgut extract 8–14

MARÍA R. SÁENZ and ELLIS C. GREINER
Culicoides aspirated from cattle in Cost Rica, Honduras, Panama and Puerto Rico, and their role as potential vectors of bluetongue viruses 15–19

A. BLACKWELL, A. J. MORDUE (LUNTZ) and W. MORDUE
Identification of bloodmeals of the Scottish biting midge, *Culicoides impunctatus*, by indirect enzyme-linked immunosorbent assay (ELISA) 20–24

DANIEL L. KLINE, DANIEL V. HAGAN and JOHN R. WOOD
Culicoides responses to 1-octen-3-ol and carbon dioxide in salt marshes near Sea Island, Georgia, U.S.A. 25–30

FARIDA MAHMOOD and WILLIAM K. REISEN
Anopheles culicifacies: effects of age on the male reproductive system and mating ability of virgin adult mosquitoes 31–37

N. AÑEZ, A. LUGO, A. LOAIZA, E. NIEVES and J. OROZCO
Sugars in the alimentary canal of *Lutzomyia youngi* (Diptera: Phlebotominae) 38–42

J. G. BURG, D. M. B. NEELY, N. M. WILLIAMS and F. W. KNAPP
Retention and attempted mechanical transmission of *Ehrlichia risticii* by *Stomoxys calcitrans* 43–46

STEVE MIHOK, JONATHAN K. STILES, ENOCH MPANGA and REARDON O. OLUBAYO
Relationships between protease activity, host blood and infection rates in *Glossina morsitans* sspp. infected with *Trypanosoma congolense, T.brucei* and *T.simiae* 47–50

N. FRENCH, R. WALL, P. J. CRIPPS and K. L. MORGAN
Blowfly strike in England and Wales: the relationship between prevalence and farm and management factors 51–56

P. RAWLINGS, T. J. WACHER and W. F. SNOW
Cattle–tsetse contact in relation to the daily activity patterns of *Glossina morsitans submorsitans* in The Gambia 57–62

P. H. A. VAN ESSEN, J. A. KEMME, S. A. RITCHIE and B. H. KAY
Differential responses of *Aedes* and *Culex* mosquitoes to octenol or light in combination with carbon dioxide in Queensland, Australia 63–67

M. KALYANASUNDARAM, R. SRINIVASAN, S. SUBRAMANIAN and K. N. PANICKER
Relative potency of DEPA as a repellent against the sandfly *Phlebotomus papatasi* 68–70

J. M. VULULE, R. F. BEACH, F. K. ATIELI, J. M. ROBERTS, D. L. MOUNT and R. W. MWANGI
Reduced susceptibility of *Anopheles gambiae* to permethrin associated with the use of permethrin-impregnated bednets and curtains in Kenya 71–75

P. J. MCCALL, A. J. TREES, J. F. WALSH and D. H. MOLYNEUX
Aggregated oviposition in the *Simulium damnosum* complex is mediated by eggs in a laboratory bioassay 76–80

SUSAN C. WELBURN, IAN MAUDLIN and DAVID H. MOLYNEUX
Midgut lectin activity and sugar specificity in teneral and fed tsetse 81–87

S. G. SUGUNA, K. GOPALA RATHINAM, A. R. RAJAVEL and V. DHANDA
Morphological and chromosomal descriptions of new species in the *Anopheles subpictus* complex 88–94

Short Communications

M. W. SERVICE
Male swarming of the mosquito *Culex (Culex) torrentium* in England 95–98

R. H. FFRENCH-CONSTANT, J. C. STEICHEN and F. SHOTKOSKI
Polymerase chain reaction diagnostic for cyclodiene insecticide resistance in the mosquito *Aedes aegypti* 99–100

JEAN FALK-VAIRANT, PATRICK M. GUERIN, MARIEN DE BRUYNE and MARCEL ROHRER
Some observations on mating and fertilization in the cattle tick *Boophilus microplus* 101–103

SILVIA CATALÁ
Bloodmeal size and nutritional status of *Triatoma infestans* under natural climatic conditions 104–106

BOOK REVIEWS 50, 106

VOLUME 8, NUMBER 2, APRIL 1994
Published 1 April 1994

C. F. CURTIS
Should DDT continue to be recommended for malaria vector control? 107–112

WORLD HEALTH ORGANIZATION
Use of DDT in vector control 113

PAN AMERICAN HEALTH ORGANIZATION
Prohibition of DDT 164

D. BEN-YAKIR, K. Y. MUMCUOGLU, O. MANOR, J. OCHANDA and R. GALUN
Immunization of rabbits with a midgut extract of the human body louse *Pediculus humanus humanus*: the effect of induced resistance on the louse population 114–118

M. J. DOUGHERTY, J. G. C. HAMILTON and R. D. WARD
Isolation of oviposition pheromone from the eggs of the sandfly *Lutzomyia longipalpis* 119–124

J. B. COUPLAND
Factors influencing nuisance blackfly (Diptera: Simuliidae) activity in the Scottish Highlands 125–132

R. H. GOODING and S. K. MOLOO
Genetics of two colonies of *Glossina pallidipes* originating from allopatric populations in Kenya 133–136

T. ADAK, S. K. SUBBARAO, V. P. SHARMA and S. R. V. RAO
Lactate dehydrogenase allozyme differentiation of species in the *Anopheles culicifacies* complex 137–140

J. UHLÍR, L. GRUBHOFFER, I. BORSKÝ and F. DUSBÁBEK
Antigens and glycoproteins of larvae, nymphs and adults of the tick *Ixodes ricinus* 141–150

ALAN CORK
Identification of electrophysiologically-active compounds for New World screwworm, *Cochliomyia hominivorax*, in larval wound fluid 151–159

SEAN HEWITT, MUHAMMAD KAMAL, NASIR MUHAMMAD and MARK ROWLAND
An entomological investigation of the likely impact of cattle ownership on malaria in an Afghan refugee camp in the North West Frontier Province of Pakistan 160–164

JOSEF REHÁCEK, GABRIELA SUTÁKOVÁ and ELENA KOCIANOVÁ
Use of partially engorged female ticks as laboratory animals in microbiological research 165–171

M. ANNE LIVESLEY, DOROTHY CAREY, LISE GERN and PATRICIA A. NUTTALL
Problems of isolating *Borrelia burgdorferi* from ticks collected in United Kingdom foci of Lyme disease 172–178

M. RENSHAW, M. W. SERVICE and M. H. BIRLEY
Size variation and reproductive success in the mosquito *Aedes cantans* 179–186

M. RENSHAW, M. W. SERVICE and M. H. BIRLEY
Host finding, feeding patterns and evidence for a memorized home range of the mosquito *Aedes cantans* 187–193

D. M. ROBERTS
Arabian sandflies (Diptera: Psychodidae) prefer the hottest nights? 194–198

Short Communication

J. K. STILES, L. H. OTIENO, M. F. B. CHAUDHURY and S. K. MOLOO
Upsurge of the tsetse fly *Glossina swynnertoni* at Nguruman, Kenya 199–200

BOOK REVIEW 178

VOLUME 8, NUMBER 3, JULY 1994
Published 1 July 1994

STEPHEN M. SMITH and RANDY M. GADAWSKI
Nectar feeding by the early-spring mosquito *Aedes provocans* 201–213

JAN CHIRICO
A comparison of sampling methods with respect to cattle-visiting Muscidae and their nematode infections 214–218

R. J. QUINNELL and C. DYE
Correlates of the peridomestic abundance of *Lutzomyia longipalpis* (Diptera: Psychodidae) in Amazonian Brazil 219–224

S. K. MOLOO, E. ZWEYGARTH and C. L. SABWA
Comparative study on the susceptibility of different laboratory strains of *Glossina* species to *Trypanosoma simiae* 225–230

JOANNE A. WILSON and ALLEN C. G. HEATH
Resistance to two organophosphorus insecticides in New Zealand populations of the Australian sheep blowfly, *Lucilia cuprina* 231–237

R. MARTIN HERNANDEZ, C. CUELLAR DEL HOYO, A. S. OLMEDA GARCIA and J. A. RODRIGUEZ RODRIGUEZ
Immunological response in rabbits infested with *Rhipicephalus sanguineus* 238–244

L. DAVIES and G. G. RATCLIFFE
Development rates of some pre-adult stages in blowflies with reference to low temperatures 245–254

STURGIS MCKEEVER, DANIEL V. HAGAN and XUYONG WANG
Comparative study of mouthparts of four species of *Culicoides* from Tibet 255–264

M. S. RAMASAMY, R. KULASEKERA, K. A. SRIKRISHNARAJ and R. RAMASAMY
Population dynamics of anthropophilic mosquitoes during the northeast monsoon season in the malaria epidemic zone of Sri Lanka 265–274

YASMIN RUBIO-PALIS, CHRISTOPHER F. CURTIS, CLEMENCIA GONZÁLES and ROBERT A. WIRTZ
Host choice of anopheline mosquitoes in a malaria endemic area of western Venezuela 275–280

M. G. ATZENI, D. G. MAYER, J. P. SPRADBERY, K. A. ANAMAN and D. G. BUTLER
Comparison of the predicted impact of a screwworm fly outbreak in Australia using a growth index model and a life-cycle model 281–291

B. R. ASPOAS
Afrotropical Sarcophagidae in a carrion fly community 292–294

G. D. F. REID
Structure and function of the cibarial armature in Simuliidae 295–301

BOOK REVIEW 218

VOLUME 8, NUMBER 4, OCTOBER 1994
Published 1 October 1994

Review
JEREMY R. ASHWORTH and RICHARD WALL
Responses of the sheep blowflies *Lucilia sericata* and *L.cuprina* to odour and the development of semiochemical baits 303–309

LANCE A. DURDEN and JAMES E. KEIRANS
Description of the larva, diagnosis of the nymph and female based on scanning electron microscopy, hosts, and distribution of *Ixodes (Ixodes) venezuelensis* 310–316

M. DORA FELICIANGELI, NORIS RODRIGUEZ, ARTURO BRAVO, FREDDY ARIAS and BERNARDO GUZMAN
Vectors of cutaneous leishmaniasis in north-central Venezuela 317–324

JAMES A. COMER, WILLIAM S. IRBY and DARRELL M. KAVANAUGH
Hosts of *Lutzomyia shannoni* (Diptera: Psychodidae) in relation to vesicular stomatitis virus on Ossabaw Island, Georgia, U.S.A. 325–330

L. C. HARRINGTON and R. C. AXTELL
Comparisons of sampling methods and seasonal abundance of *Drosophila repleta* in caged-layer poultry houses 331–339

D. H. FOLEY, S. R. MEEK and J. H. BRYAN
The *Anopheles punctulatus* group of mosquitoes in the Solomon Islands and Vanuatu surveyed by allozyme electrophoresis 340–350

SARAH E. RANDOLPH
Population dynamics and density-dependent seasonal mortality indices of the tick *Rhipicephalus appendiculatus* in eastern and southern Africa 351–368

S. K. MOLOO, J. M. KABATA and C. L. SABWA
A study on the maturation of procyclic *Trypanosoma brucei brucei* in *Glossina morsitans centralis* and *G.brevipalpis* 369–374

J. G. C. HAMILTON and T. M. C. RAMSOONDAR
Attraction of *Lutzomyia longipalpis* to human skin odours 375–380

JEFFREY W. BEEHLER, JOCELYN G. MILLAR and MIR S. MULLA
Protein hydrolysates and associated bacterial contaminants as oviposition attractants for the mosquito *Culex quinquefasciatus* 381–385

Short Communications

BART G. J. KNOLS, RUURD DE JONG and WILLEM TAKKEN
Trapping system for testing olfactory responses of the malaria mosquito *Anopheles gambiae* in a wind tunnel 386–388

R. D. COOPER, R. A. MEZA and IMOGENE SCHNEIDER
Anopheles farauti refractoriness to malaria infection with cultured gametocytes of *Plasmodium falciparum* 389–390

A. CALLAGHAN, V. BOIROUX, M. RAYMOND and N. PASTEUR
Prevention of changes in the electrophoretic mobility of overproduced esterases from organophosphate-resistant mosquitoes of the *Culex pipiens* complex 391–394

H. K. KIARA, S. ESSUMAN, E. O. OSIR and B. A. OKWAKPAM
Rearing *Amblyomma variegatum* ticks in the laboratory: a simple technique to enhance attachment 395–397

ELISE SAARIO, A. ABDEL-HAMEED and JARI KIVIRANTA
Larvicidal microcystin toxins of cyanobacteria affect midgut epithelial cells of *Aedes aegypti* mosquitoes 398–400

ANNOUNCEMENTS 380, 400
